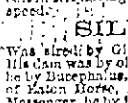
SILVER EYE.



This valuable stallion will make the season at the BANGOR HOUSE STABLES.

DESCRIPTION AND PEDIGREE.

He is a jet-black color, eight years this Spring, stands 15½ hands high, weighs 1000 lbs., has a perfect trotting action, and trotted as a four year old colt in 2.41, having been handled but very little for speed.

SILVER EYE

Was sired by Gilbreth Knox, he by Gen. Knox. His dam was by old Eaton, he by the Avery Horse, he by Bucephalus, he by Messenger descent. Dam of Eaton Horse, Pelton Mare, she by Winthrop Messenger, he by imported Messenger.

It will be seen by the pedigree of old Eaton that the blood runs very direct and close back to imported Messenger.

The father of Silver Eye was sold four years ago for $15,000.

TERMS.—For peculiar reasons the price will be $15 (reduced from $45) for the season, to be paid first time of service.

This a rare opportunity for those who desire to raise first class trotting stock.

THE TREAT'S FALLS DAM

MEMORIAL BY THE LAND-OWNERS AS TO CONSTRUCTION

We publish by request the following text of the propositions and arguments submitted to the City Council on behalf of Messrs. Egery, Bryant and Prescott, land-owners who are parties to the proposal to furnish land, rights of way, etc., in the vicinity of the dam at Treat's Falls.

To the Committee of the City Council appointed to investigate the doings of the Water Board:

Several of the owners of the Brown, Parker, Treat and Drummond farms who were parties to the proposal to furnish land, and rights of way for the laying of pipes, made to the City of Bangor on the 26th of May, 1875, and accepted by the city on the

1875, respectfully ask you to report to the City Council a recommendation that the plan for the completion of the dam at Treat's Falls shall include

1. A lock suitable for the passage of boats, rafts, etc., as required by Section 2 of the amended charter, to be built now or before the dam shall be closed.

2. A flume on the Bangor side, or a passage for one to be made.

3. The ledge at the mouth and in the site of a canal on the Bangor side to be blasted out and the material thus obtained to be used as ballast for the dam.

4. A careful examination of all the work done, to be made by competent and experienced hydraulic engineers, with the view of deciding upon its sufficiency and permanent character.

5. Such changes to be made in the location and mode of construction as may be found advisable after such examination is had.

6. Full and complete working plans for the completion of the work to be obtained before further expenditures are made.

7. Provision for the carrying these measures into effect to be made by the City Council in such manner as may be found advisable and effectual.

As considerations bearing upon the foregoing requests, they suggest and urge these:

A lock will be a public convenience at all times, if not now of immediate necessity. And the City of Bangor should constantly endeavor to improve all natural facilities for the transaction of business rather than diminish them under the notion or plea that public necessity does not now call for an improvement. Every change which made should be a step in advance, but to close the Penobscot River by a dam without a lock would be a long stride backward. Experience demonstrates that any new facility will be sure to create a new use.

That a lock, flume and canal can be constructed *now* at a much less expense than in future years after the closing of the dam, is obvious to all.

The charter authorizes the City to dispose of any surplus power created by the dam. The authority to sell such surplus power includes the authority to take all measures necessary and convenient for this end, *provided* the expenditure of the City's money is not enlarged, or in other words, the burden of taxation is not increased beyond the point which the obtaining the power for pumping would otherwise require. The constitutional objection is not against a particular mode of obtaining the power, or form of the dam, nor does it object to the city's obtaining surplus power for sale, provided it comes as incidental to any legitimate expenditure.

If one part of the dam can be as cheaply built in the form of a flume as in any other mode, and the flume will aid in the sale of the surplus power, and the want of one will materially hinder such sale, a flume should be built. So, too, if by blasting out a canal, stone can be obtained for the construction of the dam as cheaply as it can be had in any other mode, and the making of the canal will make the surplus power more valuable, the stone should be taken from the site of the canal, rather than from shores where such material is not in the way of improvements.

The owners of adjoining lands have transferred to the City of Bangor valuable lands and rights, for which they have expected to receive an adequate consideration. Instead of demanding a money payment, both they and the City have assumed that the erection of the dam in the vicinity of their land would so enhance its value that ultimately they will be indemnified for the lack of a payment made in ordinary sales of real estate. We understand that their property can only be made more valuable by the use of such surplus power as the dam creates. Every facility for the using of such power, created by any particular mode of constructing it, tends to increase the probability of its being used at an early day, and every neglect or failure so to construct it as to afford such facilities, tends to postpone indefinitely the day when the surplus power shall be utilized, and so injures those who have aided the city in its enterprise and who feel that they have good cause to complain if the city ignores their position or claims; and to disappoint the hopes of all who have looked forward to an increase of the business of the city, to be created by the use of the surplus power, to be obtained by building a dam across the Penobscot River at Treat's Falls.

There can be no doubt, if the land-owners had made the giving of their land to the city upon the condition that the city should build a flume and excavate a canal, that the condition would have been thought reasonable and would have been accepted. To this there could have been no constitutional objection, for the city has as much right to buy land, for the site of a dam, paying for same in making improvements, as it has to take land for the same purpose at an appraisal of County Commissioners or a jury. The only question which can arise in the first case is one of good faith, or whether more than a fair price is intentionally paid, under the guise of making improvements.

The committee are doubtless well informed upon a common sentiment among our citizens to the effect, that the conflicting judgments and opinions which have been brought out by this investigation have tended to create a distrust in the character of the dam, or rather in its safety and permanency and in its affording opportunities and inducements for the investment of capital, which distrust must long continue if there is now exhibited any shrinking on the part of the city, or its servants from the closest scrutiny of the work in all its parts. Such scrutiny can only be made by competent and experienced hydraulic engineers, and it is expected that the committee entertaining the same views will recommend that it be had immediately.

It can hardly be necessary to urge that if, upon an examination to be made by such engineers, any existing defect in the work should be found, that it should forthwith be remedied in the most effectual manner possible, whether it be in the present location or in the construction of any part of the dam.

To all practical minds, the importance of carefully prepared working plans for all erections is so well understood and so generally accepted that an argument seems superfluous. The larger and the more novel the proposed work, the greater is the need of a correct and complete plan, whenever the work is so extensive that subordinate overseers and superintendents are employed, this necessity becomes the more urgent. The testimony taken by the committee shows that in the matter of the Sluice and in other respects, mistakes and losses of time and labor have occurred.

How the City Council will move, or what measures they will adopt to ensure the completion of the work in the mode and manner their wisdom shall dictate, may properly and safely be left to their decision,—at least it is so believed.

In conclusion the land-owners who speak through this communication to you and through you to the City Council, make this special request, viz:

That the committee, whatever may be their conclusions upon the merits of the several requests here preferred, will report upon each, so that they may be in readiness for the action of the City Council.

CHAS. D. BRYANT,
R. S. PRESCOTT.

## STATE NEWS.

**Androscoggin.**

Judge Merrill of Nevada, is to be the orator of the day at the Lewiston and Auburn 4th of July celebration. Judge Merrill is said to be a very able orator.

It is said that a gentleman offers to take the $33,000 lot of new Auburn bonds at 102.

In two days last week twenty-five cars containing 1100 cases of cotton and of woolen goods were shipped from Androscoggin station by the Bates mills.

Mr. Bolster bank examiner has examined Auburn Savings Bank, and finds the assets of the bank sufficient to pay depositors in full and leave a surplus of several thousand dollars.

**Aroostook.**

The *North Star* says that on Sunday, April 30th, Mr. Simon Martin, Jr., and his son, aged 13 years, left their sugar camp in Crystal Plantation for home. It soon after commenced snowing violently, some eighteen inches falling, obliterating all traces of the road. May 8th, their bodies were found. The father was about five miles from the camp, the son half a mile on.

**Hancock.**

Prof. G. T. Fletcher, principal of the Eastern Normal School, at Castine, has been dangerously ill of pneumonia. He is now able to sit up part of the day, and will probably be able to be about in a fortnight. ——C. B. Richardson, Esq., of Portland has been giving humorous and dramatic readings at Normal Hall, which are said to be quite entertaining.——The former officers of the revenue cutter Dobbin, with the exception of Lieut. Rogers, commanding, have been ordered away and others have arrived to fill their places.——Hooper & Shepherd's store was entered the other night, and $30 or $40 taken principally in scrip and coppers.

**Kennebec.**

The *Journal* says that the boot and shoe store of A. J. Reynolds, of Augusta, was entered on Monday night, and perfectly cleaned out.

**Oxford.**

The Reform Club at Paris Hill is actively engaged in fitting up a hall for club uses.

Amos Blaze of Paris, was very severely kicked in the hip by a horse while hitching its legs, which will confine him to the house some three or four weeks.

Calvin Cole thinks he has discovered a very valuable lead mine on his farm at Locke's Mills.

A. F. Brooks of Grafton, has made about 300 pounds of maple sugar this spring from less than 200 trees.

The *Democrat* says a party of young men at South Paris have been taking the law into their own hands. A boy named Blake stole a suit of clothes and took them to the house of Levi Hamblin, where he was stopping. Some young men visited the house forcibly entered it and secured the boy, treating Mr. H. in rather a rough manner because he refused to deliver the boy unless the proper papers were presented.

Judge Deering of South Paris was attacked by a paralytic shock Tuesday morning but there is a prospect of recovery.

**State at Large.**

The committee chosen at the meeting of Maine teachers held in Lewiston last February, held its first meeting in Waterville last Friday. About twenty teachers from various parts of the State were present, part of whom visited the town school, during the day, while others attended some of the recitations at Colby University and Classical Institute. In the evening, Prof. Davis of Bowdoin College delivered a highly interesting address on "How to teach our [mother-tongue]," which was followed by remarks pertinent to the occasion by Fernald of Orono, Burr of Hallowell, Rich of Kent's Hill and Rounds of Farmington. Quite a large audience was assembled at short notice in the rooms of the Institute. A free discussion of educational matters was enjoyed on Saturday morning at the residence of Dr. Hanson, after which the committee separated well pleased with the results of the conference.

*The Offspring of Dyspepsia.*

No class of invalids are more to be commiserated than the dyspeptic, since the malady from which they suffer is the parent of a most numerous offspring of tormenting symptoms than any other disease. On the other hand, they are to be congratulated that there is a potent, safe and agreeable botanic remedy for all the torture that they undergo. Hostetter's Stomach Bitters powerfully invigorate the cellular tissue of the stomach, thus promoting an adequate secretion and flow of the digestive juices, vitalizes the shrunken and debilitated lining of the stomach, directs the bile into its true channel, and stimulates the inactive bowels and dormant liver. These radical effects are accompanied with the restoration of appetite, flesh, and sound repose, and the removal of flatulence, heartburn, nausea, palpitations of the heart, vertigo, high colored and scalding urine, water brash, headache, and many other harrassing symptoms of dyspepsia. d&wly may15

THE CAUCUSES THIS EVENING

The caucuses to be held this evening afford the Republicans of Bangor the opportunity to exercise their influence upon the Presidential canvass by the election of delegates to represent them in the District Convention which will designate our direct representatives at Cincinnati. Three delegates are to be chosen from each ward and the twenty-one thus chosen will select two delegates-at-large to complete the representation of the City in the Convention to assemble next week. We hope our Republican citizens will make it their duty to attend the caucuses in full numbers and to select delegates from among the best men in the Republican ranks.

MR. BLAINE'S DISTRICT

The Republicans of the Third District gave Mr. Blaine a ringing indorsement yesterday and the abstract given in our despatches of the speech of Hon. John L. Stevens, shows it to have been a vigorous timely and eloquent tribute from a leading Maine Republican who has known Mr. Blaine intimately as a neighbor for many years. The selection of Gen. R. B. Shepherd, of Skowhegan and Hon. Edwin Flye of Newcastle as delegates to Cincinnati, adds two strong and able men to the Maine delegation.

A decision of the Supreme Court of Maine has just been made public, by which an old statute authorizing overseers of the poor to send vagrants to work houses, is declared to conflict with the Fourteenth Amendment of the Constitution of the United States, which provides that no State shall deprive any person of life, liberty or property without due process of law, which implies a judicial investigation.

The Boston *Journal's* Washington special writes "Prof. Seelye says that in the Liberal Convention at New York, in private conversation there was no opposition manifested to either Blaine or Bristow, while there was a decided objection raised to other Republican candidates. The tendency of many of the impracticables he seemed to think was for Adams."

As the *Commercial* has expressed an interest in the feeling of the Portland *Press* toward Mr. Blaine, perhaps it will quote some of the articles in yesterday's *Press*.

THE SPIRIT OF THE DEMOCRACY SOUTH

The complete dominance of the Southern wing of the Democracy in the present House of Representatives has plainly demonstrated the fact that a Democratic national success would place the whole administration practically under the control of the men who but a few years since were in arms seeking to destroy the Union and to establish slaveholding Confederacy on its ruins. The Northern Democrats have striven to repress premature exhibitions of the disloyal and reactionary spirit of their Southern allies and [illegible] sentimental [illegible] have tried to convince the people that the ex-rebels of the South are bubbling over with patriotic feeling [illegible] [illegible] Mr. Blaine [illegible] [illegible] Ben Hill and Tucker [illegible] the Northern people just what we may expect from a Democracy [illegible] [illegible]

[illegible]

Slavery [illegible]

[illegible]

In Texas [illegible]

[illegible]

It is needless to remark that [illegible] was elected to join his colleague Maxey who with Gordon, Lamar, Cockrell, Gold-thwaite, Ransom, Key and Withers also owe their seats in the United States Senate solely to the fact that they held commissions from Jeff Davis in the Confederate Army. And these Major Generals and Brigadiers of the "Lost Cause" are reinforced in the present Congress by a liberal representation of the civil branch of the rebel Government, including the Vice-President and Postmaster-General of the Confederacy, with a large number of members of the rebel Congress. If any one should seek to question the motive governing Coke's election, let him read these comments of a Texas Democratic paper

That frank, open, bold, manly speech of Coke on Saturday night, is what did the business and will go very far to reconcile many to the result, who desire a division of honors. One thing can be said of him—he is truly a representative man. In addition to this, he is a sterling, State-rights Democrat and his ability is unquestioned.

And those who would urge that these sentiments are not shared in other parts of the South may be answered by these plain words of the Petersburg (Virginia) *Index*

The reason that Gov. Coke beat John Hancock for the Texas Senatorship is said to be that, the former was a Confederate soldier and the latter not. And a very good reason it is, too, that people should trust a man who has already risked his life for them. That is not quite it. John Hancock was not only "not" a Confederate soldier, he was a Union man.

In the face of such evidences as these political hypocrites and namby pamby journalists may continue to assert that loyalty is a "dead issue," but they will not be able to convince the loyal masses of this country that it is expedient to hand over the National Administration to the control of the Brigadiers and Cabinet officers of the Confederacy. And that is the real and paramount issue in the coming election.

SNEEZING AT MURDER

The editor of the Gardiner *Home Journal* seems to have a very curious notion of the origin of telegraphic news. He was led away after Greeley in 1872 in the belief that everything is lovely down South and whenever the telegraphic report of an outrage or massacre in that section appears in a Republican paper he treats the editor as responsible for its authorship. [illegible] *Republican papers* are beginning again to tell those terrible stories about Democratic cruelties wherever there are any Democrats. And again "We have no doubt these stories are all true, for no good *Republican editor* would misrepresent anything, but we wish they would not tell them for we are timid [illegible]

## The Third District.

### DELEGATES TO CINCINNATI.

### MR. BLAINE'S HOME INDORSEMENT.

### VIGOROUS ADDRESS BY HON. J. L. STEVENS.

**Gen. R. B. Shepherd and Hon. Edwin Flye elected Delegates.**

AUGUSTA, May 18. At the Third District Republican Convention holden this [illegible] to choose delegates to the Cincinnati Convention Russell B. Shepherd of Skowhegan and Edwin Flye of Newcastle were elected delegates and Henry P. Torsey of [illegible] and Henry H. Lovell of Waldo [illegible] alternates. J. L. Stevens, from the committee on Resolutions, reported the following, which were adopted:

Resolved, That the Republican party [illegible] the great purposes of [illegible] National restoration and reform [illegible] should be continued until the rights of all citizens are politically recognized throughout the Union and our civil [illegible] elevated to its highest [illegible] [illegible] and economy.

Resolved, That the Republicans of this Congressional District for more than twenty years have thoroughly known their [illegible] tried Representative in Congress, Hon. James G. Blaine, a true citizen, an uncompromising Republican [illegible] and that they are proud to unite with their fellow-countrymen in [illegible] to the National Convention as a candidate for the Presidency.

**Remarks of Hon. J. L. Stevens—Mr. Blaine's Record.**

Previous to their adoption Mr. Stevens made the following remarks: Indiscriminate calumny against public men is abroad [illegible] the eve of an exciting and important National election. It is nothing new in the political history of this country that Presidential candidates should be objects of unjustifiable assault. This has been the experience of all from Washington to Grant. The attacks on Adams, Jackson and Clay were of the most bitter and slanderous character. Six [illegible] those who now address you were [illegible] by the Republicans of Maine to [illegible] them in the National Convention in Chicago. The [illegible] candidate [illegible] to the assembling of that [illegible] the object of attacks and [illegible] to [illegible] him [illegible] with their repetition in your presence [illegible] William H. Seward was one of the ablest and truest statesmen this country ever produced.

[illegible] name of James G. Blaine is in the hearts of prominent Republicans from the Pacific to the Atlantic. In the prime of manhood, of masterly ability, of extensive and varied acquisitions for statesmanship, with ripe experience in public affairs, he is the choice for presidential candidate of those who best realize the needs of the Republican party in the trying years immediately before us. We all know him well. For nearly a quarter of a century he has been in your midst. You know his character as a citizen and a [illegible] of business. The facts are before the country as to how he has met the charges against him, [illegible] fully, completely, in the opinion of all candid and impartial men. Beaten at all points the enemy falls back upon general declarations, and that is the substance of all he has to say. The charge is that Mr. Blaine went to Congress a poor man and is now rich. The answer to this is brief and conclusive.

In 1858 with no inconsiderable sum of money fairly earned by industry and wise business management he made a large investment partly with paid down cash and for more with credit backed by mortgage [illegible] by friends. So much confidence had he in the prospective value of the property thus purchased that he strongly urged his personal friends to make like investment. This is a matter well known in this community. This property speedily increased largely in value more than vindicating his wisdom and foresight in making the purchase. The increasing value of this investment amounted to a respectable fortune within the following five years. In 1863, at the date of his entrance into Congress Mr. Blaine was worth not less than $60,000 to $70,000. Twenty two years have transpired since he first engaged in business enterprise in your midst. In that period thousands of men in this country of far less business capacity and of less business activity, have become far more wealthy without hostile criticism. And this is sufficient answer to the assertion that in 1863 he went to Congress a poor man. The wealth he to-day possesses is vastly overestimated. During these twenty two years that this distinguished citizen has resided in your midst, I have been intimately acquainted with him. In all his business transactions with which I have been acquainted, I have never known him to have received a dollar to which he was not entitled legitimately, legally and by equity.

To this wanton and untruthful assault on his business integrity and reputation, his fellow-citizens in this community oppose the shield of his well earned character among those who have known him longest and best. Conspicuous as is his position to-day and brilliant as his record made in the affairs of the country, if life and opportunity are spared to him he will show greater capabilities than he has yet exhibited and prove that he has intellectual resources for statesmanship to place him in the rank with Hamilton, Seward and Gladstone.

The Revenue steamer Samuel Dexter towed her to this port this morning. The Sunlight's damage was slight.

## The Smutty-Nose Island Murder.

### THE ALLEGED CONFESSION A CANARD

### The Probable Origin of the Report.

**The Reported Confession Denied.**

PORTSMOUTH, May 18. The reports of the confession of some woman to being the murderer of the two Christiansens on Smutty-Nose Island, which originated in a special despatch last night to a Concord paper is without foundation. There was but one female living on the Island at the time of the murder—Mrs. Hontvet, who is still living and bears the marks of her suffering on that night. The evidence was conclusive that Louis Wagner was the murderer, and all reports to the contrary are supposed to have been originated to influence the Pomeroy case.

## DOMESTIC NEWS.

**FORTY-FOURTH CONGRESS—First Session.**

**Senate.**

WASHINGTON, May 18.

Mr. Morton submitted a resolution instructing the special committee recently appointed to inquire into the late election in Mississippi and to inquire also into the recent alleged killing of people and outrages committed near the Mississippi and Louisiana line. He read a despatch received by Governor Kellogg, now in this city, from H. C. Stark, his private Secretary, dated New Orleans May 17th, stating that fugitives from the scene of the trouble had arrived and the details were horrible. Six white men were killed [illegible] sixty negroes were killed and hanged, and asking that the special committee of the Senate be authorized to investigate the matter. The resolution was agreed to.

A bill was passed authorizing the appointment of receivers of National Banks and for other purposes.

At two o'clock legislative business was suspended and the consideration of the impeachment was resumed with closed doors. Before reaching any decision, at 5 o'clock the doors were re-opened.

The Chair laid before the Senate a communication from the Commissioners of the District of Columbia in answer to the Senate resolution of April 10, 1876, transmitting a copy of the report of the sinking fund commissioners showing the amount of certificates of indebtedness issued by virtue of the acts of the Legislative Assembly of the District of Columbia, amount of assessments to redeem such certificates, etc. The Commissioners state that the total amount issued was $2,000,000 and of this amount $908,750 have been redeemed up to March 31st 1876, leaving a balance outstanding of $1,091,250. Ordered printed and laid on the table.

The Senate at 5:05 adjourned.

**House.**

Clerk Adams asked that the charges that he sold appointments be investigated. A resolution to that effect was passed, a committee of five being appointed.

The report on the Government Printing Office was under discussion, and the proposition to give the printing of debates to Franklin R. Ives was amended, so as to leave it open for competition.

The House proceeded to consider as unfinished business the resolution reported yesterday by Mr. Singleton, from the Committee on Printing, relative to the Government Printing Office. Mr. Hoar having raised a point of order that the resolution was not a privileged report, the Speaker, Mr. Cox, overruled it.

After a long discussion the resolution was adopted by a party vote.

Mr. Randall of Pa. reported the Indian appropriation bill which will be made a special order after the naval appropriation bill is disposed of.

The House at 1:05 went into Committee of the Whole, Clymer of Pa. in the chair, on the naval appropriation bill and was addressed by Philips of Mo. in relation to the currency.

The Committee rose, and the House at 4:30 took a recess till 7:30 this evening.

At the evening session speeches were made by Messrs. H[illegible] and Joyce of Vt. on the presentation of a statue of Ethan Allen to be placed in the capital, by Mr. Blair of N. H. on the financial question and others.

On motion of Mr. Hendee, a concurrent resolution accepting the statue of Ethan Allen was adopted, and the House at 10:30 adjourned.

**THE WINSLOW CASE.**

**Earl Derby's Reply to Secretary Fish's Protest against the Violation of the Treaty.**

NEW YORK, May 18. A Washington special says that Secretary Fish received yesterday Earl Derby's reply to Secretary Fish's protest to Great Britain against the violation of the extradition treaty. It does not yield to the position taken by Mr. Fish in the slightest, and the ground is assumed by the British Foreign Office that the act of 1870 has necessarily to do with the case in dispute so far as the provisions of the treaty relate to the extradition of Winslow with or without the act of 1870. The same objection would apply to the surrender of a person not duly declared extraditable by the magisterial district of an English court, having jurisdiction of extraditable offences. The same process of law as observed now, was followed in extraditing fugitive before the law of 1870 went upon the British statute books. There is no reason for varying from what was the custom then. In pursuance of this line of argument it is urged this must be the cause, because heretofore no such exceptions have been taken as are now insisted upon by Mr. Fish, whose objection now is regarded as a mere technicality. More especial emphasis is laid upon the provision of the treaty in regard to the extradition of persons charged with crime and of fence, may be political only, are to be extradited. Who is to judge whether the crime is political or not? When Great Britain is to deliver up a prisoner, shall it not in such a case be Great Britain, and shall it not be through magistrates, and a critical examination of the law?

But Mr. Fish seems to question if not deny the right of magisterial interference and judgment, and claims that as the Secretary of State he must decide. This position taken by Mr. Fish in this respect is regarded as untenable, if not absurd. Such an attempt to construe the treaty would lose not only the men but also the treaty. Emphasis is laid on a similar misstep when Cass was Secretary of State. After a treaty had been negotiated Cass objected to its submission to Parliament, and thus lost the whole treaty. It is further maintained that Great Britain, in her disposition to serve the ends of law and justice, was disposed to extend the limitation of the class of cases to be comprehended in the treaty stipulations with this country so as to take in all crimes, while the interpretation of American officials has inclined them to circumscribe them by technical analysis and dissection. The attitude of the United States Government and its recent treatment of the extradition provisions are not regarded as fair or equitable to England, nor within the purview of either an exact or literal meaning and the interpretation of the treaty and its provisions.

**MASSACHUSETTS.**

**Seventh District Delegates.**

BOSTON, May 18. The Republican Convention for the Seventh Congressional District, to elect delegates to Cincinnati, met this forenoon. Wm. R. Russell, of Lawrence, was nominated unanimously by acclammation. A ballot was taken for second delegate, but without a choice. The second ballot was declared, and Mr. C. H. Waters was elected amid applause.

**LOUISIANA.**

**The Recent Butchery.**

NEW ORLEANS, May 18. Everything is quiet at Bayou Sara, Laurel Hill and Woodville. Reports of the trouble have been greatly exaggerated. One white man and two negroes cover the casualties as far as known. The military declined to interfere.

## ANOTHER REBUKE TO SLANDER.

### DELAWARE FOR BLAINE!

### Only One Sentiment!

**Emphatic Instructions Adopted.**

NEW YORK, May 18. A Dover, Delaware special says the Republican State Convention to-day, elected a solid Blaine delegation to the Cincinnati Convention.

The resolutions declare it the desire of the Republicans of Delaware that the obligations of the Government be paid in coin or its equivalent, that its administration be honestly and faithfully conducted and that they regard that James G. Blaine meets the requirements of a proper exponent of these principles. The delegates to Cincinnati are therefore instructed to observe this preference as long as in their judgment his nomination is possible.

### A TERRIBLE DISASTER.

**THE CENTENNIAL.**

**Bad Weather and its Effects.**

PHILADELPHIA, May 18. The Centennial grounds to-day realized their worst possible condition. The rains for the past two days so completely soaked the soil even on the levelled and [illegible] avenues that walking was almost impossible. Notwithstanding this drawback there was a fair attendance especially in the main building and machinery hall.

**KENTUCKY REPUBLICANS.**

**Bristow Presented as a Candidate.**

LOUISVILLE, May 18. The Republican State Convention met here to-day. Gen. John W. Finnell was temporary chairman and Hon. Jas. Speed, ex-Attorney General under Mr. Lincoln, permanent President. The attendance was large and the proceedings orderly. The platform reaffirms the adherence of the Republicans of Kentucky to the principles of the party, declares for hard money and maintenance of the resumption act, for civil service reform, honest payment of the public debt, retrenchment and economy, equal rights before the law and non-sectarian schools.

John M. Harlan, W. C. Goodloe, W. H. Wadsworth and Robert Boyd were elected delegates at large and twenty district delegates were chosen. All are [illegible]

**Indorsement of Bristow.**

A resolution was read and greeted applause, declaring that as Kentucky gave Abraham Lincoln to the country, and in [illegible] now presents Benjamin H. Bristow to complete the correction of the ills ever incident to war. The resolution eulogizes Bristow's services and concludes:

In thus presenting and commending our fellow-citizen to the Republican National Convention, we are not unmindful of the distinguished services and worth of other Republicans. We trust the Cincinnati Convention will present as candidates men whose allegiance to the party has been proved and who have the moral courage to enforce the law.

**THE BLACK HILLS.**

**Rather a Bad Prospect.**

NEW YORK, May 18. A Cheyenne special says parties of returning Black Hills adventurers are continually arriving there, who state that food, ammunition and gold are extremely scarce. They are continually picked off by hostile Sioux, and the latter are on the plains between the Hills and Cheyenne.

**THE INDIANS.**

**Movements of the Army—Custer's Command—Heavy Fighting Expected.**

NEW YORK, May 18. A Fort Lincoln Dakotah despatch, states that Terry's expedition against the Indians left there yesterday morning. Custer is in command of his regiment, which is really the fighting portion of his command. Custer has also a detachment of Indian scouts. Two steamers loaded with supplies also left by the river for the depot at the mouth of the Big Horn River. Gen. Gibbon, with six companies of Infantry and four of cavalry, has moved from Fort Ellis, Montana, and is now making his way down to the left bank of the Yellow Stone toward the proposed depot. Crook will co-operate with the movement of Gibbon. Sitting Bull has some three thousand Indians with him in camp near the Little Missouri river, almost due west from Fort Lincoln. Heavy fighting is expected within the next fortnight.

**A Guide Killed.**

OMAHA, May 18. The body of J. Leggett, a well known guide, was brought into Custer City the 3d inst. He was probably killed by Indians. Over $4000 were found on his person.

**WASHINGTON.**

**Ex-Speaker Blaine Ill.**

WASHINGTON, May 18. The Sub-Judiciary Committee has postponed further examination of witnesses on the charges affecting ex-Speaker Blaine till to-morrow, when he expects to be present. He is now confined to the house by malarial fever.

**Cattle Thieves Punished.**

BROWNSVILLE, May 18. Capt. McNeely, who has been stationed with his command of Texas Rangers at Santa Maria, 40 miles from here, yesterday morning broke camp and left it is said with orders to report at Laredo, Texas. Last night while near Edinburg he struck a band of cattle thieves as they were in the act of crossing the Rio Grande with cattle, and killed two and wounded one of the thieves and captured some horses and cattle.

**PLYMOUTH CHURCH.**

**A Unanimous Vote for the Expulsion of Bowen—His Four Column Protest.**

NEW YORK, May 18. A meeting was held to-night in Plymouth church to take action on the resolution proposed at the last meeting for the expulsion of Henry C. Bowen from membership. The lecture room was crowded by an audience that was excited, but decorous. Mr. Edgerton, moderator, presided and in a solemn voice read the resolution of expulsion.

Clarence Bowen handed the clerk an envelope containing his father's protest on printed slips, making about four newspaper columns, which was read at length, but failed to create any impression. Shearman moved its reception, which was carried. The moderator then put the motion for expulsion requesting those to rise who favored it. The whole congregation in an instant were on their feet, and when a contrary motion was put not a soul stood up.

Bowen's protest adds nothing new to the literature, but contends he has not had a fair trial, for there was no evidence to show he had been guilty of slander. Bowen when informed of the action of the church did not express any surprise.

THE WEEKLY COURIER. This excellent family paper, issued to-day, contains a great variety of interesting news. A HANDSOME MONUMENT. A monument in memory of J. H. Lynde, Esq., has recently been placed in Mt. Hope Cemetery. It is situated in the middle of a pretty lot surrounded by a beautiful coping of Frankfort granite, with rounded corners. The entrance to the lot is very handsome in design, leading from which is a granite platform eight feet square, upon which stands a monument of red polished granite of Grecian style of architecture, having two bases and a moulded plinth, which support the die, and cap surmounted with a draped urn, the drapery of which not being polished, contrasts finely with the other part of the work. Upon the front of the die is the family name carved in massive block letters. The monument is of fine proportions, and at its lower base is about four feet square, and a little more than ten feet high. There are also two grave marks of the same material. This beautiful piece of workmanship was manufactured in Glasgow, Scotland, and imported and placed in the cemetery by Mr. S. P. Bradbury of this city.

**Police Court.**

In the Police Court yesterday, George Carson was sentenced to 30 days with a suspended mittimus, for drunkenness. F. J. Bickmore was fined $5 and costs for imbibing a little too freely, and was committed. James McSorley and David McHenry were each bound over in the sum of $1000 for keeping a liquor nuisance, and in the sum of $300 as common sellers. A French sailor was up for drunkenness and released on a suspended mittimus. He arrived in port only a day or two ago, and had $20 due him, and after getting drunk he was relieved of the entire amount, and was left penniless. The Judge after giving him a little wholesome advice released him as above.

Doorkeeper Fitzhugh now says that all he wrote in his letter is true, and as to his spelling, that there are lots of men in Congress who cannot spell any better than he.

AT NO PERIOD in life is watchful care over the functions of the brain more requisite than during the acquisition of knowledge by the youth.

Plodding, persevering study, requires a store of vigorous nervous force, or the child may sink under the mental toil.

Stern necessity may compel the student to strain his powers beyond what is prudent, and early promise of excellence be blighted thereby.

To such we can recommend Fellows' Compound Syrup of Hypophosphites. It will not only restore the sinking patient, but its use will enable the toiling subject to preserve his mental and nervous standard without detriment. d&w may10

TO ALL, particularly Invalids, spring is a trying season. Indications of sickness should at once be attended to. Fatal diseases may be caused by allowing the bowels to become constipated, and the system to remain in a disordered condition until the disorder has time to develop itself. An ounce of prevention is worth a pound of cure, is an old and truthful saying. Therefore, we advise all who are troubled with the complaints now very prevalent—headache, indigestion, disordered liver, want of appetite, nausea or fevered skin, to take without delay Schenck's Mandrake Pills. We know of no remedy so harmless and decisive in its action. It at once strikes at the root of the disease and produces a healthy tone to the system. People never need suffer from any disease arising from a disordered condition of the liver, if they would take this excellent medicine when they feel the first indication of the malady. Families living in low, marshy districts during the summer months should take three or four boxes of these pills with them. They have an almost instantaneous effect. They will relieve the patient of headache in from one to two hours and will rapidly cleanse the liver of surrounding bile and will effectually prevent a bilious attack. They are sold by all druggists. [illegible] may1

# WHIG AND COURIER.

## CAMPAIGN EDITION

### For 1876.

**To be Issued Three Months, beginning June 23d, and closing September 15th.**

*A NEWSPAPER FURNISHED AT LESS THAN COST.*

In compliance with requests by many leading Republicans and with a desire to promote the dissemination of Republican principles and to aid in assuring the most emphatic Republican triumph in the approaching Presidential election, the Proprietors have decided to furnish the WEEKLY edition of the WHIG AND COURIER for the three months during the Campaign at a price hardly covering the cost of the white paper. The first number of the Campaign WEEKLY COURIER, which is made up with the latest telegraphic and other news from our Daily, will be issued June 23d, immediately after the opening of the Centennial canvass by the National Convention at Cincinnati, June 14, and the Republican State Convention in Bangor, June 22, and the last number will be issued September 15th, with a report of our State election.

The edition will comprise thirteen weekly numbers of the largest paper published in the State. [illegible] number [illegible] by a two-page supplement, and will be furnished to new subscribers only at the following low rates:

**One Copy, sent Postage paid, 35 cts.**

**EXTRA INDUCEMENTS TO CLUBS.**

| | |
|---|---|
| *Three Copies to one address,* | $1 00 |
| *Ten Copies to one address,* | 3 30 |
| *Twenty Copies to one address,* | 6 00 |
| *Fifty Copies to one address,* | 14 00 |
| *One Hundred Copies to one address,* | 25 00 |

We have determined to offer the Campaign COURIER at this low price solely with the object of bringing to the attention of those who do not now take any Republican paper the current information upon which a sound political judgment should be based and the merits and claims of the doctrines and principles which we advocate.

The coming Campaign will be one of the most important in our National history. [illegible] to exceed any previous one [illegible] in excitement. [illegible] already manifest that false presentation, calumny and sensational reports will be freely employed to deceive the public, and it is essential that reliable and trustworthy information should be more widely circulated to counteract such misleading influences. Every citizen should keep fully posted on coming political affairs during the progress of the Campaign, and the WEEKLY COURIER with its forty-eight columns principally devoted to current news, will prove a most desirable compendium of information to be put in the hands of every voter.

**Send in Subscriptions at once.**

The Republican Town Committees and all other citizens who are interested in the success of the Republican cause, are invited to render practical and valuable aid by taking prompt measures for placing the Campaign edition of the WHIG AND COURIER in the hands of every voter who is not now a subscriber. The price is merely nominal and the efforts of two or three earnest Republicans in each town can readily insure a general circulation of the paper among the voting population.

LETTER CARRIERS.

All letters are delivered free by carriers when addressed to street and number. People should inform their correspondents of above and have their letters addressed accordingly.

Persons having their address at the General Delivery can also have their letters sent, but it is much more convenient to have the street and number on, as they will be delivered earlier than if they are put up at the office. Carriers make two deliveries daily, the first trip starting the extra out of the routes.

Collections are made morning and evening in season for important mails—the down town boxes fifteen and the up town boxes thirty minutes before closing mails at the office.

The Carrier's Window will be open for the delivery of letters from 7½ to 9½ A. M., and from 7½ to 8½ P. M. Sundays from 8½ to 9½ A. M.

Any irregularities in the Carrier's department should be reported to the office.

ENVELOPES.

No additional charge will be made for printing the name and request to return, across the left hand upper corner of the envelopes furnished by the Post Office Department, samples of which may be seen at the Cashier's window, when ordered in lots of not less than 500.

A request for the return of a letter to the writer, if uncalled for within thirty days, or less, written or printed, with the writer's name, post office and State, across the left end of the envelope, on the face side, will be complied with.

The public are earnestly recommended to use stamped envelopes with printed return requests, as the expense is less, and letters thus endorsed, if not delivered to the person addressed, are returned to the writer free of charge.

The excess cost of ... per thousand at $32 80 per thousand.

*Stamps cut from Stamped Envelopes*

cannot be used to prepay postage. The use of such stamps is punishable by a fine of fifty dollars.

Stamped Envelopes, spoiled in directing, are redeemed at their face.

DOMESTIC POSTAGE.

*All Letters must be Prepaid.*—Letters for the Mails in the United States, three cents for each ounce or single rate. City letters, two cents for each ounce or single rate.

NEWSPAPERS.

After January 1st, 1875, all regular newspapers must be prepaid at the office of publication, at the rate of two cents per pound for each issue of weekly papers or those published oftener than once a week, less frequently than once a week, three cents. The same law applies to dealers.

County papers free, except in letter carrier offices, for papers coming to this office, if published in County, are subject to postage. Daily papers published in county, if delivered by carrier, one cent each, to be prepaid by stamps.

*Postage to Canada*.—Same as in the States on letters and papers, the payment compulsory; merchandise limited to 8 oz., postage 10 cents.

TRANSIENT PRINTED MATTER AND BOOKS AND MERCHANDISE.

One cent an ounce, or fraction, weight limited to four pounds. Liquids, and anything that will injure mail excluded. All matter of this class must be wrapped, so as to be examined, without destroying wrappers.

ADVERTISED LETTERS.

All letters remaining in the office are advertised on Monday of each week. If not claimed in one month thereafter, they are then forwarded to Washington.

MONEY ORDERS.

Especial attention is called to the Money Order system, a safe and cheap method of transmitting small sums through the mails. Orders are issued in sums of not more than fifty dollars. Larger amounts can be transmitted to the same person, at the same time, by additional orders.
